

## Apple, Bacon, Goat Cheese Salad

### Ingredients:

1 bag spring salad mix

1 bag romaine lettuce

3 oz bacon (I covered a cookie sheet in tin foil and baked the bacon in the oven at 400 degrees for about 15 mins depends on how crunchy you like it)

¼ cup chopped dried cherries

¼ cup chopped cranberries

1 large granny smith apple—julienned

½ cup chopped cashews

5 oz crumbled goat cheese

### Directions:

Clean lettuce and place into large bowl. Top with ingredients—toss.

\*\*Pair with your favorite dressing. I highly recommend the apple cider vinaigrette from The Wooden Spoon in Brighton. My entire recipe is inspired by their Cherry Festival salad, which is hands down the most amazing salad you will ever try! I purchase a huge container from there and make smaller portions as lunch options for the week. \*\*
